Traffic

Construction work: Traffic disruptions "Im Osteresch"

Barrier-free expansion of a stop // Closure from 5 February 2026

From 5 February, the Im Osteresch road will be closed to traffic near the junction with Lönnsstraße. The reason for this is the barrier-free extension of a bus stop cap. Pedestrians will still be able to pass.

Please drive around the area. A diversion route is signposted and leads via Krechtinger Straße, Kochenheimstraße and Lönnsstraße.
