Cycle and footpath renovation on the Bocholt city ring road

Closure at the junction with Hohenzollernstraße // Emergency route for pedestrians and cyclists

The cycle path near the junction with Hohenzollernstraße on the city ring road (Meckenemstraße) is being repaired. To this end, the ring road is expected to be single-lane in the southbound direction for three weeks.

Cyclists and pedestrians will be able to pass the roadworks area safely for the duration of the works via the carriageway area, which is closed to traffic, by means of an emergency route.

The work is scheduled to begin next Monday, 27 November.
