Traffic

Lübecker Straße to be renovated from Tuesday

Closure until mid-December // Footpaths remain free and passable

Lübecker Straße (south of the Bocholt cemetery) is being repaired. The carriageway between Dortmunder Straße and Hamburger Straße will be closed to traffic on Tuesday, 5 December.

Pedestrians will still be able to pass through the area and the pavements will remain clear. The Bocholt city bus will be travelling via Breslauer Straße and Hamburger Straße for the duration of the project. Due to the narrow streets, stopping restrictions will be put in place in these areas so that regular bus services can pass through.

*The carriageway of Lübecker Straße will be repaired in the coming weeks
