Traffic: Bottleneck on Münsterstraße

Sewer work at the former level crossing from 11 April

Due to sewerage works, Münsterstraße will be closed on one side for three weeks from Tuesday, 11 April, at the level of the former railway crossing.

Rheder Straße will become a one-way street for the duration of the measure. Only cyclists will be able to exit Rheder Straße onto Münsterstraße.

Traffic on Münsterstraße will be guided past the construction site by means of traffic lights. An emergency lane will be marked on the carriageway for pedestrians and cyclists.
