Traffic: Half-lane closure on Teutonenstrasse

September 20 - October 7 // Detour established

A section of Teutonenstraße, in the area between Kaufland and the Olbrich company, will be closed on one side from September 20 to October 7. Supply lines have to be laid there.

During this time, Teutonenstraße will be open to out-of-town traffic; pedestrian and bicycle traffic can pass the construction site via an emergency route. Traffic heading into the city will be diverted via the Siemensstraße/Alfred-Flender-Straße/Kaiser-Wilhelm-Straße/Welfenstraße detour route.
