Traffic: Impairments on Viktoriastrasse

Section becomes one-way street as of May 30

Viktoriastrasse will become a one-way street in the section where Ludwigstrasse and Gertrudenstrasse meet in the direction of Rheder Strasse from May 30 for four weeks. The reason for this is roofing work along this section of the road.

A detour is in place via the route Rheder Straße-Münsterstraße-Schwartzstraße. People who know the area are advised to drive around the construction site.
