Traffic

## Traffic: Restrictions on Mussumer Kirchweg

### From Monday, 27 November, during normal working hours

From next Monday, 27 November, the next construction phase for laying supply lines in the Mussumer Kirchweg area will begin. During the day, there will be traffic restrictions during normal working hours.

During working hours, Mussumer Kirchweg can only be reached from the junction with Fennekerstraße via a one-way street from "Mosse". The exit can be made via Sachsenstraße. Once the daily work has been completed, it will once again be possible to access Mussumer Kirchweg via the usual route. Access to the "Mussumer Krug" restaurant remains guaranteed.
