

Senior Citizens' Fair on Neutorplatz

Every two years, the senior citizens' office of the city of Bocholt (most recently in 2023) organises the **Bocholt Senior Citizens' Fair** in cooperation with the demography officer of the city of **Bocholt**. There, interested citizens can find a variety of information on the topic of old age.

What is available on the market to live as self-determined and healthy as possible? What makes life easier? How can I be on the move in a sporty way? Visitors will find answers to these questions and many more at the various stands of regional associations, organisations and institutions.

The Senior Citizens' Fair

Entertaining stage programme

© Stadt Bocholt

In addition to the information on offer, entertainment is also on the programme of the Seniors' Fair. Every year, a colourful entertainment programme is put together.

We look forward to your visit!
