

Cemetery district

Sarah Kobelt

I have been working for L-i-A e.V. in the Friedhofsviertel neighbourhood since 2024 and am looking forward to getting to know other neighbours and stakeholders in the neighbourhood in order to develop new ideas for a vibrant neighbourhood together with them.

My job excites me because I have contact with many different people and stakeholders from the neighbourhood and can implement joint projects and events with them. I also enjoy advising young and older neighbourhood residents and families with different questions, problems and concerns in order to develop solutions together with them.

We already offer a number of counselling, exercise, music and creative activities in the neighbourhood and are happy to receive new suggestions. You are always welcome to take part in our activities. If you would also like to get involved in your neighbourhood, please contact me. We will find a suitable area of involvement for you.

Get to know me and our team at the Breslauer Straße 2 neighbourhood centre or give me a call.
