

Hochfeld

Akan Üstüngör

Hi, I'm Akan Üstüngör and I've been working for L-i-A e.V. (L-i-A) as a neighbourhood worker in Hochfeld-Süd since March 2021 and in the city centre since January 2023.

The tasks in these neighbourhoods are very different because so many different people live here: Old and young, families and single parents, Germans and families with international family histories. The tasks excite me because I see new faces and meet new people every day.

It is important to me that people identify with their neighbourhoods. To achieve this goal, we work together with local stakeholders and different people and organise events, courses and many different offers, such as senior citizens' afternoons, outdoor games, German courses, exercise and health courses.

In addition, I provide individual assistance in the neighbourhoods, e.g. when filling out forms, accompanying people to various institutions/authorities, supporting them in preparing their CVs, organising interpreters and informing people about municipal services.

I look forward to your ideas, projects and our cooperation. Talk to me directly or drop by.

You can find me

- Tuesdays from 9.00 to 11.00 a.m. at the Stöberland daycare centre, Knufstraße 2
- Thursdays from 3.00 to 5.00 pm, Am Lönsstadion 1 (on the grounds of VFL 45)
