

## **School Childcare**

### **Schoolchildren's group of the parish of St. George**

The school children's group of St. George's parish looks after school children aged 6 to 14 after school until 6pm.

Depending on the needs, an individual care time frame is set with the families.

The daily routine in the schoolchildren's group offers fixed, reliable structures:

- Care directly after school until 6 p.m.
- Daily lunch at the end of the school day
- Homework supervision
- A variety of leisure activities and projects
- Care during the holidays

The close cooperation between the teachers and the parents is a good basis for the individual care of the children.

During the holidays, care is provided all day.
