

Debt counselling / Insolvency counselling

What to do when things get tight?

If you have got into financial difficulties, good advice is expensive. Often, those affected know no way out of their desperate situation. However, there are independent and professional counselling services for people who get into financial difficulties due to various circumstances.

On this page you will find an overview of independent counselling centres.

If finances become an excessive burden and the situation seems hopeless, going to debt counselling can help you find a way back to financial stability.
